

# The Foot and Ankle Wellness Center of Western Pennsylvania

## Tobacco Use Policy

I, \_\_\_\_\_, understand that the effects of cigarette smoking and in general tobacco use have been explained to me at length pre operatively. I understand that that tobacco use can inhibit wound and bone healing. This can significantly inhibit my healing and could prolong my post operative course with continued use of tobacco. I also understand that because of tobacco use the optimum results of my surgery may be not achieved. This has been explained to me at length by my physician at The Foot and Ankle Wellness Center of Western Pennsylvania.
